

Stainless steel lance holder, two-piece

**Suitable for
all lances with
insulation**

All in one: Suitable for
HSC, qc nipple, male
of female ...

Holder: Even lances with
screw coupling connection
remain securely at the assign-
ed place.

**completely made
stainless steel**

The practical two-piece holder for four lances

- Robust, practical lance holder made of stainless steel
- High-quality workmanship made of 1.5 mm thick stainless steel sheet
- Pre-drilled mounting holes for wall mounting
- 4 adaptable lance fixings for lances with internal thread or hand screw connection

Placement: Both brackets can be placed individually and
provide secure grip even for different lance lengths.

Sophisticated solution for all lances:
Up to four lances can be placed.

Lance fixation: For lances with hand screw or internal thread, the optionally
available lance fixations can be simply mounted with Allen screws and nuts in
the designated positions.

Stainless steel lance holder, two-piece

For lances with R + M / Suttner insulation and connection: plug nipple or male thread

R+M Nr.
105 610 050

For all lances with R + M / Suttner insulation. With 4 lance fixations for mounting for connection: hand screw coupling or female thread

R+M Nr.
105 610 055

Lance fixation for lances with screw coupling or female thread. For individual retrofitting

R+M Nr.
105 610 004

Holder for up to four lances: Lances with hand screw coupling (female thread) can also be easily retrofitted with the optionally available lance fixation.
